Sanskar Jain

Software Engineer | C# & .NET | ASP.NET & Web APIs | SQL Server | Hyderabad, Telangana, India
+91 90216 20156 | sanskarjain0901@gmail.com | linkedin.com/in/sanskar-jain0901

Professional Summary

Software Engineer with **2+ years** building enterprise **C#**, **.NET**, **ASP.NET**, and **Web API** products, from requirements analysis and technical design through development, testing, and production support across the full **SDLC**. Delivered measurable gains (**83%** latency cut, **34%** faster APIs, **200K+ weekly requests**) using database design, **Azure DevOps CI/CD**, and **Agile** practices in a fast-paced product engineering team.

Technical Skills

Back End: C#, .NET 8, .NET Framework, ASP.NET Core, ASP.NET MVC, Web API 2, REST APIs, Microservices, API Versioning, Swagger/OpenAPI
Database: SQL Server, T-SQL, Database Design, Schema Design, Normalization, Indexing, Query Optimization, Database Migrations, PostgreSQL, MySQL, MongoDB
DevOps and Cloud: Azure DevOps, CI/CD Pipelines, Git, Docker, Kubernetes, AWS (Lambda, S3, SQS, SNS, EKS, EC2)
Front End: React, TypeScript, JavaScript, HTML5, CSS
Practices: Agile/Scrum, SDLC, Requirements Analysis, Technical Design Documentation, xUnit/NUnit Testing, Code Review, Debugging, Production Support, AI-Assisted Development (GitHub Copilot, Claude Code)

Professional Experience

Verisk Analytics Jan 2024 -- Present
Software Engineer II Hyderabad, India

- Built **ASP.NET Core Web APIs** in **C#** serving **200K+ weekly requests** with model validation, structured error handling, **Swagger/OpenAPI** docs, and **URL-based versioning** across **16 v2 endpoints**, enabling REST integration for enterprise clients.
- Translated business requirements into technical designs by co-designing **RulesRunner**, a stateless **.NET** microservice using **CQRS** and **AWS SQS** that cut compliance-check wait time from **3000ms to 500ms (83%)**, and authored design docs covering service boundaries, API contracts, and error handling.
- Migrated legacy **.NET Framework** services (**ASP.NET MVC**, **Web API 2**) to **.NET 8** with async/await, cutting technical debt by **55%** and improving runtime performance by **30%**.
- Optimized data access through **database** index and query tuning plus **Redis** caching (**34%** faster API responses), and shipped **2 idempotent migration scripts** moving **1M+ records each**.
- Delivered product enhancements to **Xactimate** import/export of **30+ data types** using async processing and **S3**, reducing transfer time by **38%** and customer-reported issues by **25%**; architected fault-tolerant **AWS Lambda**/**SQS** pipelines sustaining **500+ messages daily**.
- Overhauled **Azure DevOps CI/CD** pipelines with staged gates, parallel jobs, and automated testing for **biweekly releases** in an **Agile** team, slashing deployment time by **50%** and build cycles by **33%**.
- Wrote **xUnit**/**NUnit** unit and integration tests reaching **90% code coverage**, resolved production issues during **production support 2--3 times per year**, and **mentored 4 junior engineers** through code reviews.
- Secured services with **OAuth 2.0** behind **Kong API Gateway** on **AWS EKS** for **6 of 15+ platform services**, and adopted **GitHub Copilot** and **Claude Code** daily, reviewing all generated code before merge.

Projects

Attendance & Payroll SaaS -- Full-Stack Platform (React 18, TypeScript, Spring Boot, PostgreSQL) Jul 2026 -- Present

- Built and operate a production **SaaS** for **15+ client organizations** as sole engineer, gathering requirements and delivering **REST APIs**, relational **database design**, **JWT** security, and a business-rule payroll engine.

Expense Tracker -- Microservices Application (Java, Spring Boot, Kafka, React) Aug 2023 -- Dec 2023

- Developed **5+** microservices with **Kafka** and **PostgreSQL**, plus a **React** frontend of **9+** components; containerized with **Docker**.

Education & Certifications

B.Tech in Computer Engineering 2020 -- 2024
Vishwakarma Institute of Technology, Pune, India CGPA: 8.8/10
AWS Certified Cloud Practitioner Amazon Web Services | Oct 2024
