Sanskar Jain

Software Engineer | Java / Spring Boot | Microservices | AWS / Kubernetes
Hyderabad, Telangana, India
+91 90216 20156 | sanskarjain0901@gmail.com | linkedin.com/in/sanskar-jain0901

Professional Summary

Software Engineer with **2+ years** of experience building scalable **Java/Spring Boot** microservices, **RESTful APIs**, and messaging-driven, high-volume transaction processing systems at Verisk Analytics. Strong **SQL** development and query optimization across relational and **NoSQL** (**MongoDB**, **Redis**) datastores, with **microservices** on **AWS/Kubernetes** and interactive front-ends in **React**. Strong verbal communication and analytical problem-solving skills in **Agile/Scrum** teams; proven record of cutting latency by **83%** and sustaining **500+ messages/day** with zero message loss.

Technical Skills

Languages: Java, C#, Python, SQL, TypeScript, JavaScript
Backend & Messaging: Spring Boot, Spring Data JPA/Hibernate, .NET 8, REST APIs, Microservices, Event-Driven Architecture, High-Volume Transaction Processing, Apache Kafka, AWS SQS, AWS SNS, CQRS, Idempotency, Retry/Backoff, Dead-Letter Queues, API Versioning
Databases: SQL, PostgreSQL, MySQL, MongoDB, Redis, Elasticsearch, Query Optimization, Indexing, Schema Design
Cloud & DevOps: AWS (EKS, ECS, Lambda, S3, ElastiCache, CloudWatch), Docker, Kubernetes, Terraform, CI/CD, Azure DevOps Pipelines, Linux/CLI
Frontend: React 18, TypeScript, Axios, TanStack React Query, HTML, CSS
Security & API Tooling: OAuth 2.0, JWT, OpenID Connect (OIDC), Okta, Kong API Gateway, Role-Based Access Control (RBAC), Swagger/OpenAPI
Practices & Tools: Agile/Scrum, Git, Azure DevOps, Jira, Confluence, Code Review, Technical Design Documentation, Unit & Integration Testing (JUnit, xUnit, NUnit), Production Support

Professional Experience

Verisk Analytics Jan 2024 -- Present
Software Engineer II Hyderabad, India

- Co-designed **RulesRunner**, a stateless **Java/Spring Boot** microservice using **CQRS** and **AWS SQS** messaging that offloaded compliance checks from the client, reducing wait time from **3000ms to 500ms (83% improvement)** while enabling horizontal scaling.
- Architected fault-tolerant, event-driven messaging pipelines with idempotent processing, retry/backoff strategies, and **AWS Lambda** consumers for high-volume transaction workloads, sustaining **500+ production messages daily** with zero message loss under failure conditions.
- Built high-throughput **Spring Boot RESTful APIs** serving **200K+ weekly requests** with structured error handling, input validation, and **Swagger/OpenAPI** documentation; implemented URL-based versioning across **16 v2 endpoints** for backward compatibility.
- Tuned **SQL** query performance and indexing across **PostgreSQL** and **MongoDB**, and improved API response time by **34%** via a **Redis/Amazon ElastiCache** caching layer and connection pooling on hot-path endpoints.
- Established **OAuth 2.0** authentication on **AWS EKS/Kubernetes** behind **Kong API Gateway** for **6 of 15+ platform services**, integrating **Okta**-issued **JWT** tokens for secure cross-service authorization; slashed deployment time by **50%** overhauling **CI/CD** pipelines with staged gates and parallel jobs.

Projects

Attendance & Payroll SaaS -- Multi-Tenant Production Platform Jul 2026 -- Present
Live: sanskar-engineers-payroll-ui.onrender.com

- Shipped a multi-tenant **SaaS** to production, now serving **15+ client organizations**, built end-to-end as sole engineer on **Spring Boot** (**Java 17**), an interactive **React** + **TypeScript** front end, and **PostgreSQL**.
- Protected the API with **Spring Security** and **JWT** -- **15-minute** access tokens, revocable **7-day** refresh tokens, and **role-based access control** across **3 roles**; designed a transaction-processing engine with **3 calculation models** and a **409 Conflict** rule guarding finalized records.

Certifications

AWS Certified Cloud Practitioner Amazon Web Services | Oct 2024

Education

B.Tech in Computer Engineering 2020 -- 2024
Vishwakarma Institute of Technology, Pune, India CGPA: 8.8/10
