Sanskar Jain

Software Engineer | Java & React Development | Full-Stack Applications
Hyderabad, Telangana, India
+91 90216 20156 | sanskarjain0901@gmail.com | linkedin.com/in/sanskar-jain0901

Professional Summary

Software Engineer with a **B.Tech in Computer Engineering** and **2+ years** of professional experience building scalable applications in **Java** and **React**, alongside production experience in **C#/.NET** and **AWS**. Delivers high-impact systems: cut latency **83%**, served **200K+** weekly API requests, and shipped a multi-tenant SaaS platform end-to-end using **Java/Spring Boot** and **React**. Strong analytical and problem-solving skills, with a track record of designing reliable, scalable microservices and **REST APIs** from concept through production. Collaborates effectively in **Agile/Scrum** teams and adopts **AI-assisted development** tools (**Claude Code**, OpenAI API) to improve code quality and delivery speed.

Technical Skills

Languages: Java, C#, TypeScript, JavaScript, Python, SQL
Frontend: React 18, React Hooks, JavaScript, TypeScript, HTML5, CSS3, TanStack React Query, Axios, Vite
Backend & Frameworks: Spring Boot, Spring Data JPA/Hibernate, Spring Security, REST APIs, Microservices, .NET 8, ASP.NET Core, Event-Driven Architecture
Cloud & DevOps: AWS (S3, SQS, SNS, EKS, ECS, Lambda, CloudWatch), Docker, Kubernetes, CI/CD (Azure DevOps), Terraform
Messaging & Data: Apache Kafka, PostgreSQL, MongoDB, MySQL, Redis, Elasticsearch, Query Optimization
Testing & Practices: Unit & Integration Testing (xUnit, NUnit), 90% Code Coverage, Code Review, Agile/Scrum, AI-Assisted Development (Claude Code, OpenAI API)

Professional Experience

Verisk Analytics Jan 2024 – Present
Software Engineer II Hyderabad, India

- Co-designed **RulesRunner**, a stateless microservice using **CQRS** and **AWS SQS**, cutting compliance-check latency from **3000ms to 500ms (83%)** while enabling horizontal scaling.
- Architected fault-tolerant **event-driven** pipelines with idempotent processing and retry/backoff, sustaining **500+ messages/day** with zero message loss.
- Built and versioned **16 REST API** v2 endpoints serving **200K+ weekly requests**, with **Swagger/OpenAPI** docs and guaranteed backward compatibility.
- Tuned **PostgreSQL**/**MongoDB** indexing and query patterns, and cut API response time **34%** via **Redis** caching and connection pooling.
- Cut deployment time **50%** and build cycles **33%** by overhauling **CI/CD** pipelines with staged gates and parallel jobs.
- Built an internal automation agent on the **OpenAI API**; adopted **Claude Code** daily for feature work, debugging, and refactoring, reviewing all AI-generated code before merge.
- Wrote **xUnit**/**NUnit** unit and integration tests reaching **90% coverage**, and mentored **4 junior engineers** through structured code reviews on architecture and production readiness.

Projects

Attendance & Payroll SaaS – Multi-Tenant Production Platform Jul 2026 – Present
Live: sanskar-engineers-payroll-ui.onrender.com

- Shipped a multi-tenant **SaaS** platform end-to-end on **Spring Boot 4** (**Java 17**), **React 18** + **TypeScript**, and **PostgreSQL**, now serving **15+ client organizations**.
- Designed relational schemas with tenant isolation via **Hibernate**/**JPA** filters and **AOP**, and secured the API with **Spring Security** + **JWT**-based **RBAC** across 3 roles.
- Automated workflows via a **Spring @Scheduled** job and deployed **Docker**-containerized backend/**React** SPA with managed **PostgreSQL**.

Expense Tracker – Microservices Application Aug 2023 – Dec 2023

- Built **5+ Java/Spring Boot** microservices with asynchronous **Apache Kafka** messaging and **Kong API Gateway** for routing and authentication.
- Delivered a **React** frontend (9+ components) over **REST** services and **PostgreSQL**; containerized with **Docker** on **Kubernetes** and load-tested **1000+** transactions end-to-end.

Certifications

AWS Certified Cloud Practitioner Amazon Web Services | Oct 2024

Education

B.Tech in Computer Engineering 2020 – 2024
Vishwakarma Institute of Technology, Pune, India CGPA: 8.8/10
